

Welcome to Early Starters Daycare and Preschool

Dear Parents

It is with great pleasure that I welcome you to Early Starters Daycare and Preschool website. We are an early years education provider, offering full daycare and nursery programme for children from age 3 months to 5 years.

Our aim is to provide the best possible childcare and learning that support children to develop physically, socially, emotionally, cognitively and to establish a solid foundation for lifelong learning.

At Early Starters, we value every child as a unique individual with special talents and abilities. These talents and abilities are nurtured and challenged to stimulate their natural curiosity and creativity, while supporting them to acquire the necessary skills they need to become confident and independent learners. As children learn to make connections and understand the world around them, they need to interact in positive relationships that support their growth and development. Our center provides limitless opportunities for interaction in warm and loving relationships that foster a sense of belonging for every child.

We believe that play is the work of children. Therefore, we are committed to ensuring a safe, secure and enabling environment where children explore, play, learn and grow.

Our approach to learning with hands-on activities provides a platform for every child to excel at every stage of their learning journey with us and for easy progression to primary school.

At Early Starters, there are various opportunities that children can explore and we believe that there are no limits to what they can achieve as we encourage and support them to be ambitious and to try new things. We hope you will find the time to visit our school to see first hand our facilities and what we have on offer for our early years pupils.

Best wishes,
Oghenekaro P. Ogor
